To Whom It May Concern,

At North Baltimore Schools, we decided to add Family Heritage to our list of benefits for the staff and faculty. Tyler Newsome promised us an easy enrollment that would not consume any time, energy, or costs from the board of education. He truly delivered on his promise.

We offered benefits like this in the past, but our staff was surprised at the higher payouts, lower costs and unique aspect of the return of premium.

The process of enrollment was easy. He worked on an individual level with each person. The benefit is offered post tax and not on payroll. Tyler connected with our Principals, Chad Kiser and Jonelle Semancik, and quickly and quietly served our district.

We have referred Tyler to other districts. It just makes sense to offer something as easy as Family Heritage. Our faculty and staff were very appreciative and many feel that they are now in a better place.

Sincerely,

Mr. Ryan Delaney
Superintendent
North Baltimore Local Schools
