Letter of Recommendation

Recommending Justin Kurtz and Dan Persons
Globe Life-Family Heritage Division

Justin and Dan reached out to our police department to offer additional coverage option for life and supplemental health insurance to employees. They offer excellent policy options, and the customer service is superb. Justin and Dan have formed an excellent working relationship and are valued as a highly rated company as they paired with our fire department approximately two years ago.

We all do not think of our risk of cancer, heart attack, accidents or long hospital stays with the high stress jobs we work daily, not to mention the financial burden it can place on our families.

With plenty of affordable options, you can ease the burden with coverage during an unpredicted medical or accident event and know that you are in great hands when an event occurs.

Justin and Dan come highly recommended, and I am delighted that they joined our team to protect and serve us.

Please feel free to reach out if you have any questions.

Respectfully,

Nicole Mattson
