SINCE 1948

Julie must have known that we needed her because when she came in for a third time and reminded me that I needed an accident/injury policy for my family, I also realized this was needed. My kids are always outdoors, riding vehicles, riding bikes, hunting, fishing, and finding ways to get into trouble.

ONLY THREE WEEKS AFTER WE PURCHASED OUR POLICIES, OUR SON WAS HIT BY A TRUCK, DRIVING HIS GATOR! He fractured his skull, eye socket, and had some other bumps and bruises. Within a little over a week, we received over \$4000 when I had only made one premium payment of \$88!!!! This is not a health savings account. Family Heritage has no limit on the amount of money they give you, but simply give you what you need. I knew that if we didn't use the policy, we simply would get 100% of our premiums back in 25 years. However, I also knew that knowing my kids, we would definitely use this Policy.

It only took three short weeks for us to see the value in what Globe Life/Family Heritage does for families. The process was simple and it only took five minutes for us to get protected, it took me five minutes to make the claim, and again only seven days for us to receive our money.

Thank you Julie for being persistent and Family Heritage for helping us through a tough time. My husband and I know this accident could have been so much worse. We now feel a bit at ease, knowing that Julie is behind us during our toughest days. Although we hope this is our last claim, we find it hard to believe that it will be. We are forever grateful to have Family Heritage by our side.

Sincerely,
Jennifer Dreyer
