Comments: I consider myself a very lucky unlucky person. Unlucky that at the age of 35 I was diagnosed with cancer and given just 11 months to live and lucky we had major medical insurance and a cancer policy through Family Heritage. The latter is what I wish to share with you because the reality is our major medical is dictated by our employer which we have little control over.

I was lucky enough to have a friend who encouraged me to hear a presentation about supplemental insurance. Being young I didn't think much of it but was aware of the new research at the time linking firefighters to cancer. I decided that for a small amount monthly, the added security for my family would be worth it, and boy was that a good decision! OVER →
